

EXTREME COLD: In the event of extreme cold (i.e. the local air temperature or wind-chill factor dips to 32°F and below within two (2) hours prior to a match’s start time), the tournament host may cancel or delay matches and any other outdoor activities. See Wind Chill Table below. A tournament official will notify all impacted teams and referees. Rain and snow may also impact decisions to cancel or delay matches.

Wind Chill Table

Wind Speed (mph)	Temperature (°F)														
	35	30	25	20	15	10	5	0	-5	-10	-15	-20	-25	-30	-35

Frostbite occurs in:							30 minutes			10 minutes			5 minutes		

RESUMPTION OF MATCHES: Two short blasts on the air horn or police siren will sound again or a tournament official will announce when everything is “all clear.” Continuation of game play will resume only when severe weather has dissipated and that the fields have been inspected and cleared for play. Resumption of matches will be permitted with a decision to continue field play by the Tournament Director. Players and coaches should return to their fields promptly.

Time permitting, games will be played to (a) completion or (b) completion of first half and score recorded. If the event is impacted by severe weather and impending darkness, the Tournament Staff will have the authority to relocate, reschedule, cancel or change the duration of any game.

If semi-final or championship games cannot be played due to weather, final positions will be determined by the point system with ties resolved as stated in **Qualifications for Single Elimination Games**, page 3 of Tournament Rules.

If a coach and/or team manager has a question regarding a severe weather situation, only one team representative should inquire at the tournament headquarters tent. If any member of a team or group

violates this Severe Weather Plan, that team may be told to leave the soccer complex and all remaining/upcoming matches involving the team will be deemed forfeited. No refund will be given. The tournament host will use one or more of these means to communicate with teams and spectators:

- (a) Email or text message via GotSoccer
- (b) Phone call or text message from tournament official to team contact
- (c) Website update
- (d) Twitter post.

Weather will be monitored through use of an onsite weather radio and onsite lightning detector.

Security Plan Tournament officials will wear identifying apparel and have two-way radios. There will be one (1) field marshal per field and each will have a two-way radio. Uniformed security personnel will be onsite from during tournament hours. Up to four (4) but no less than one trainer will be onsite during tournament hours.
